

CLEAN SWEEPS  
BY CORNELLTook Every Race on the Hud-  
son Yesterday

## THO' HARD PRESSED ONCE

Varsity Crew from Ithaca Had to Extend  
Itself to the Limit to Beat Col-  
umbia, Who Showed Sur-  
prising Strength.

Poughkeepsie, N. Y., July 3.—Cornell was supreme on the Hudson yesterday, making as clean a sweep at Harvard did over Yale on the Thames on Thursday. But Cornell did more than defeat the crews of the four other universities represented in the races; she established two records for the two-mile course, one in the varsity four-oared and another in the freshman eight-oared. Altogether it was a great day for the collegians from Ithaca-on-Cayuga lake.

Cornell's sweeping victory was not unexpected. It was conceded that she would take the four-oared and probably the freshman eight, but there was some doubt about the varsity eight, the big race of the day. This proved to be the hardest contest, the other two being won rather easily. In the varsity eight, however, Cornell met a stubborn and unexpected contender in Columbia, and it took all the stamina and great rowing strength of Cornell's crew to poke the bow of their shell across the finish line a scant length in the lead. In the four-oared race Cornell won three lengths ahead of Syracuse, and in the freshman eight by a length also from Syracuse.

The official time in this particular race would indicate that Cornell's lead over Syracuse at the finish was more than a length, and in the opinion of scores of observers an error was made, but there was no change in the time as originally given out by the officials. The unofficial time in the freshman race was 9:14. Thus Cornell lowered two records for the course, the four-oared by 14 2/3 seconds and the freshman eight by 10 2/3 seconds. A strong wind and a favorable tide is partly responsible for the fast time made in the first two races. Before the varsity race was called, the wind had died away to a light breeze and the tide had turned.

Syracuse made the best showing next to Cornell, taking second place in both four-oared varsity and the freshman eight, and third place in the varsity eight. Wisconsin, the only western university represented, had crews in but two races, and finished in fourth place in both. While Pennsylvania's showing was the least respectable. Her crews finished last in both the varsity eight and the varsity four, and took third place in the freshman eight.

Columbia proved surprisingly strong in the big race, but could finish no better than fourth in the varsity four, and last in the freshman race. The time was as follows: Varsity eight-oared shells, four miles; Cornell, 19:02. Syracuse, 19:04 2/5. Wisconsin, 19:15 1/5. Pennsylvania, 19:24 1/5. Varsity four-oared shells, two miles; Cornell, 10:10. Syracuse, 10:12. Wisconsin, 10:12 1/2. Freshman eight-oared shells, two miles; Cornell, 9:07 3/5. Syracuse, 9:14 4/5. Pennsylvania, 9:21. Wisconsin, 9:22 4/5. Columbia, 9:26.

THREE CHINAMEN ARRESTED.  
Have Unearthed an Immense Lottery Scheme.

Washington, July 3.—Charged with using the United States mail for lottery purposes, proprietors of three Chinese shops were arrested last night. The raid on the places was made by Post-office inspectors Keene and Barclay, assisted by about a dozen members of the local detective and police force. In each of the places a large amount of gambling paraphernalia was found.

What ordinarily would have been a merely local episode gains importance from the fact that the raid represented an effort of the post-office department to reach the center of a widely ramifying Chinese lottery system and gains interest from the recent murder of Elsie Sigel in New York which has drawn the eyes of the world to the usually obscure doings of Chinamen in the United States. It was expected that the raid would be simultaneous with similar activities in other cities. It was planned with the utmost secrecy, and followed many days of careful detective work on the part of post-office inspectors.

Almost in the shadow of the dome of the national capitol, with hawk-like swiftness the inspectors swooped down upon the places, and threw the groups of clientele for a moment into confusion. The most conspicuous thing about the Chinamen soon lapsed into silence and proceeded to forget what they knew of the English tongue. The six alleged proprietors all "lees" were bundled into the police wagon, together with armfuls of papers, covered with characters, big tin pans, boxes and bowls bearing mysterious figures.

Great stacks of supposed lottery tickets, printed in green, were seized in each place. On some of them large epithets of red ink covered the winning numbers. The inspectors think that one of the places raised was the headquarters of the alleged lottery system. Because these tickets were being mailed to places outside of Washington, principally, it is said, in the territory between Baltimore and North Carolina, the postal authorities interfered.

## PEOPLE RETURN TO MESSINA.

The Alarm Caused by the Shock Sub-  
sides.

Messina, Sicily, July 3.—The people of Messina, although still alarmed as a result of the earth shocks of Thursday morning, are beginning to return from the country. The local authorities have adopted stringent measures to prevent anybody occupying houses that are not considered safe. The shocks continued yesterday, but they were less frequent and of diminishing severity.

Alicante, Spain, July 3.—Three earth shocks were felt here Thursday afternoon. At Torrevieja and surrounding towns the walls of many houses were cracked and other damage was sustained. The fear-stricken occupants rushed to the streets, but so far as known there were no casualties.

## TIN STRIKE WILL SPREAD.

About Twenty-five Thousand Men May  
Go Out Eventually.

Pittsburg, Pa., July 3.—The present strike of the Amalgamated Association of Iron, Steel and Tin Workers against the American Sheet & Tin Plate Company, which started after midnight on Thursday in all of the union plants of the United States Steel Corporation's subsidiary, will be extended materially, it is said, by a strike of the Tin Plate Workers' International Protective association. The wage scale of the latter organization expires July 15 and at New Castle, Pa., 5,000 additional men, it is said, propose to quit work.

Whether the second strike against the American Sheet & Tin Plate Co. will affect the mills throughout Pennsylvania, Ohio, West Virginia and Indiana is not known as yet. If the strike is general the number of men affected will total nearly 25,000.

ADMITS MURDER; SAVES ANOTHER  
Confesses when Circumstantial Evidence  
Imperils an Innocent Man.

San Francisco, Cal., July 3.—James Edward Cunningham, a laborer, yesterday confessed to the murder of Miss Caroline Brach, cashier for Gray Brothers Construction company, who was shot and killed in the company's office last Wednesday. Cunningham surrendered himself because another man, J. Novak, was under arrest charged with the crime. Cunningham, according to his statement, entered the office of Gray Brothers just as Novak departed. Novak had disputed with Miss Brach over a trifling difference in his pay check, and failing to get satisfaction went away in anger. Stepping before the cashier's window immediately afterwards, Cunningham dealt her a blow across the face with several weeks standing over his check, and finally shot the girl. Cunningham is a native of Schuette, R. I.

## KILLED WIFE WITH A RAZOR.

A Bartender Yonkers, N. Y., Was Mad-  
dened.

Yonkers, N. Y., July 3.—Maddened by the knowledge that his wife had sworn out a warrant for his arrest, charging non-support, Daniel McNichols, a bartender of 68 Main street, early yesterday murdered her with a razor and then attempted suicide. He is in St. Joseph's hospital, near death, with his throat slashed from ear to ear.

McNichols was a prosperous saloon keeper a few years ago, but met reverses and became addicted to the liquor habit. For some weeks past he had not been coming home regularly and his wife believed he intended to abandon her. She secured a warrant early yesterday morning. The double crime was committed just before a policeman arrived at the house.

## ARCTIC AIRSHIP.

Kaiser Supports Plan for New Explora-  
tion.

Berlin, July 3.—The Lokal Anzeiger announced yesterday that Prof. Hergesell, the well known aeronaut authority, has enlisted the patronage of the Kaiser in a plan for the exploration of the Arctic region by means of a Zeppelin airship. A base will be established at Cross bay on the west coast of Spitzbergen, whence scientific expeditions will be made into the unknown regions north of Greenland.

## \$500,000 JEWEL ROBBERY.

Stones Were Stolen From a London  
Restaurant.

London, July 3.—The robbery of jewels valued at \$500,000 from a Regent street restaurant has been reported to Scotland Yard by a traveler named F. Goldschmidt of Paris. The loot, which was in a handbag, consists of ten pearl necklaces and a number of loose pearls and diamonds. They were abstracted from the lavatory of the establishment.

## LARGE GIFT TO MCGILL.

Lord Strathcona, Canadian High Com-  
missioner, Gives \$500,000.

Montreal, July 3.—Principal Peterson of McGill university, who is in London, called the university authorities here yesterday that Lord Strathcona, the Canadian high commissioner in London, had given to McGill \$500,000. Of this amount \$450,000 is to be used in completing the new medical building, and \$50,000 in augmenting professors' salaries.

## CAUSE UNKNOWN.

Buildings on a Waltham Farm Were  
Burned Thursday.

Waltham, July 3.—A large hay and stock barn and all the outbuildings on the farm of George Bostwick, jr., were burned down Thursday afternoon, with nearly all the farming utensils and one horse. The origin of the fire is unknown. The loss is estimated at \$3,000, partially insured in the Rutland Mutual.

## Coupons Prohibited.

Washington, July 3.—The Senate Finance committee's sub-committee on tobacco yesterday decided to prohibit coupons in tobacco and snuff packages.

BANK ROBBED  
IN DAY TIMEMost Daring Work at Fort  
Francis, Ontario

## THE ROBBER GOT \$10,000

Many People Were Passing the Bank at  
the Time of the Act, but Bandits  
Had the Plan Well Mapped  
Out.

Fort Francis, Ont., July 3.—The local branch of the Bank of Nova Scotia was robbed of \$10,000 yesterday by three masked men who held up the manager with a revolver, grabbed the currency and escaped. The robbers are believed to be from Spooner, Minn. An armed posse is in pursuit.

While Manager Templeton was in the building alone three masked men entered and at the point of revolvers made him refrain from giving the alarm. One of the bandits kept him under cover while the other two made a rapid search for the currency. They were not long in finding the money, owing to the fact that considerable of it is always in plain view at this time of day. After securing nearly \$10,000 the robbers ran across the street and made north in the direction of the Canadian Pacific railway tracks.

Manager Templeton, as soon as possible, sounded an alarm and a posse was at once organized and is now in pursuit. The robbery was all the more daring from the fact that many people were on the streets and passing the bank while the bandits were at work. While the posse was being organized the accountant was shot in the leg but not seriously injured.

## \$500,000 GONE; BANKERS NABBED.

President, Cashier, Assistant Cashier Are  
Bound Over to Grand Jury.

Ironwood, Mich., July 3.—President H. F. John, Cashier E. T. Larson, and Assistant Cashier George H. Meadow of the First National bank of this city have been bound over to the federal grand jury, which meets at Marquette Sept. 7. The charges against them are the outgrowth of the closing of the bank last week by the federal authorities.

The bank had about \$600,000 in deposits, and the receiver has now in his hands about \$100,000 in assets. The loss to depositors will probably be heavy. Meadow is in jail at Ironwood in default of \$60,000 bail, while John furnished \$25,000, and Larson \$10,000 bail bonds.

## SCHOOL BOY FRACAS.

Basis of County Court Suit, Parties Be-  
lieving From Hinesburgh.

Burlington, July 3.—A school boy fracas in Hinesburgh May 30 of this year is the basis of a county court suit, the papers being entered yesterday afternoon. The name of the case is Norman Busby by next friend vs. Allen Owen. The declaration sets up that the defendant youngster shot at the plaintiff with an air gun, the shot hitting the Busby boy in the jaw and causing his absence from school, in addition to pain, suffering and expense for care and nursing. Damages of \$200 are sought.

## MONTPELIER.

Announcement is made that O. G. Burnell has been appointed agent at Marshfield, and that F. A. Sleeper will carry the same position at Boltonville, with promotions taking place on July 1st.

A bicycle belonging to A. H. Temple was stolen from the doorway of the Temple store on State street on Wednesday evening, although the exact time of the theft is not known. The wheel was blue enameled and was left in the doorway of the store by the owner when he closed the place at night. Some time in the evening he remembered that he left the machine outside and telephoned the police station asking one of the officers to bring it to the station where he could call for it the next morning. On investigation it was found that the wheel had disappeared and since that time nothing has been seen of it, although the police have a clue that will undoubtedly lead to the arrest of the guilty party in a few days.

VERMONT'S MILITIA  
IS NOW IN CAMPAnnual Muster Is Being Held at The  
State Grounds Where The Men  
Went Yesterday.

Fort Ethan Allen, July 3.—Camp Governor Prouty, First Regiment Vermont National Guard, is ready for field service at the state grounds near the military post.

The camp was a busy place yesterday with the arrival of the several companies by special trains. This was accomplished before noon and the mess hall was answered with a hearty yell and vociferous appetites.

Company M of Burlington under command of Capt. O. B. Parker and Lieutenants J. M. Ashley and M. R. Gill went to camp Thursday evening and spent the night in tent. The company has a full quota of officers and men and anticipates a profitable time.

The camp this year is laid out in army regulation field service style, and army discipline will be maintained. The buildings heretofore used for the company's kitchen will not be used for this purpose during encampment. Instead of these, the regulation army camp kitchen is used instead. This is an innovation which will be appreciated by the companies. It renders the work of preparing and serving meals much easier and quicker.

Special plans have been made in regard to the sanitary condition of the camp, the orders being rigid and they must be carried out stringently. The surgeon will make a thorough inspection of the entire camp during the morning.

Respect to headquarters command of the militia is being carried out under the direction of Major Dods has established headquarters to the left of the camp.

The entire staff from Col. Estey down are present at camp and alert for duty. The efficiency of the regiment has been materially strengthened during the past few years by the introduction of army manoeuvres, tactics and discipline has markedly improved.

Commandant Chapman of Norwich university has been detailed by the war department to do duty at this camp as inspecting officer.

The regiment will have a special religious service on Monday using the form adopted by the state chaplain commission. The hour has not been determined.

The troops will appear in the tercentenary parades in Burlington Monday and Thursday in full dress with band.

## HAD QUEER DELUSIONS.

He Sold His Eyes and Ears to a Doctor  
For \$500.

Bennington, July 3.—After his mind had become clear yesterday the police released from the county jail a little man who had been acting queerly about town. He was apparently a German and could talk but little English. The little man was found by Deputy Sheriff John Nash in Bennington Center where his actions caused considerable annoyance and alarm among some of the women who were about during the day.

A telephone message from the residence of alderman Shields to Deputy Sheriff Nash resulted in the officer taking the little man to jail. In order to obtain information in relation to the man's friends if possible George Schwab was asked to act as interpreter but he was not successful in carrying on an intelligent conversation with the man than the persons who had no knowledge of his native tongue.

At Bennington Center he persisted in walking around a tree and insisted that there was a silver tongueed bird among the branches which he must have before he would leave the locality. At the jail he said that he had sold his eyes and ears to a doctor for \$500 and that he wanted the money. He also insisted that his wife was upstairs and demanded that she come down.

## SERIOUSLY SCALDED.

George Lewis of St. Albans Burned By  
Hot Vapor.

St. Albans, July 3.—George Lewis, an employee of the Van Camp Canning company's milk plant, is at the St. Albans hospital suffering from a severe scalding about the shoulders, chest, arms and back. Mr. Lewis was working on the condenser, a big copper receptacle charged with steam, when in some way a big jet of sizzling boiling vapor escaped and struck Lewis on the chest and before he could get out of harm's way he was horribly burned. Medical aid was hurriedly summoned and when the man's shirt was taken off big patches of skin and flesh came with it. He was hurried to the hospital where last night he was doing as well as could be expected. Fortunately the victim inhaled none of the steam and burning unforeseen happenings he should recover.

## FOUND DEAD IN BARN.

Dr. S. H. Spaulding of Vergennes Died of  
Heart Failure.

Vergennes, July 3.—The lifeless body of Dr. S. H. Spaulding, a dentist, was found lying on the barn floor at 6:30 o'clock last evening where he had gone to attend to his horse. Mrs. Carpenter, who owns the barn, found the body when she went to look up for the night. Dr. Edward Pilon pronounced it a case of heart failure and that he had been dead several hours. The remains were removed to the undertaking rooms of Harney Ketchum where they were viewed by Messrs. Norton and Dr. Pilon and Phelps. Dr. Spaulding was about 30 years old and married. He came here four or five years ago and little is known of his relatives although it is understood that he has a father and sister living in New York State.

## ALLEGED SPEEDERS.

Two Autoists Were Arrested in Burling-  
ton Yesterday.

Burlington, July 3.—Paul Robinson was arrested yesterday on a warrant alleging violation of the automobile speed ordinance. He was in city court and furnished bail for his appearance July 13. H. L. Ward was also arrested, charged with violation of the speed law. He was admitted to bail before Justice Claude D. Grant for his appearance July 14.

AEROPLANE  
HIT A TREEBut Orville Wright Was Not  
Injured

## MACHINE WAS DAMAGED

The Motor Came to a Standstill and in  
Settling to the Ground the Machine  
Could Not Escape the  
Tree.

Washington, D. C., July 3.—Resembling a giant bird swooping down upon its prey, the Wright aeroplane, after the motor which propels it had come suddenly to a standstill, glided gracefully to the earth yesterday after having made two successful flights.

The machine was on its way around the Fort Myer drill grounds for the ninth time in its second flight when the motor stopped, 60 feet above the earth and exactly in the same place where the propeller blade broke last September, which resulted in the fatal accident that terminated the trials at that time. In gliding to the earth the machine struck a tree and was swerved around with such force that the skids were broken and the right wing badly ripped. Mr. Wright was not hurt.

The two flights yesterday were the most successful that Orville Wright has made at Fort Myer since his return to complete the government trials.

The glide, which covered a distance of perhaps 300 feet, was beautiful to behold, but there were few in the crowd of a thousand or more spectators who did not fear, for a moment, that they were about to witness a repetition of last year's accident. Orville and Wilbur inspected the machine closely to see what caused the motor to stop. They did not announce the result of their investigation, but said that the aeroplane would not be ready for another flight before Tuesday at the earliest. A wind of velocity of about three miles an hour was blowing during the flights.

## ATTENDED BY MANY.

Funeral of William S. Littlejohn Held  
in Congregational Church.

Funeral services were held at 2:30 yesterday afternoon at the Congregational church, following a prayer service at the residence on Orange street, over the remains of William S. Littlejohn, who died in Denver, Colorado, June 25, after a long illness. The services were attended by many of the friends and former business associates of the deceased, and the employees of the firm of Littlejohn, Odgers & Milne, of which Mr. Littlejohn was the senior member, attended in a body. A delegation of about 30 members of St. Aldemar commandery, Knights Templar, attended in full dress uniform and a large delegation from Granite lodge of Masons was also present. Rev. F. A. Bode officiated at the services.

An unusually large display of flowers covered the casket and was arranged around it. The bearers were Frank Odgers, William Stephen, Alexander Milne, William S. Alexander, John McDonald and Alexander Gordon. Interment was made in the family lot in Hope cemetery, the Masonic burial service being given at the grave by Donald Blake, master of Granite lodge.

Among those from out of town who attended the services were John Littlejohn of Waterbury, Conn., a brother of the deceased, and his daughter, Miss Jennie. Mr. Littlejohn's other relatives, besides one son and one daughter in this city, are a brother and a sister in Aberdeenshire, Scotland.

The floral tributes were as follows: pillow of roses and carnations, from family; carnations, John Littlejohn and family; star of roses and carnations, employees of Littlejohn, Odgers & Milne; anchor of roses and carnations, Barre Granite Manufacturers' association; Red Cross, carnations in wreath, St. Aldemar commandery, No. 11, Knights Templar; seal, carnations, Granite chapter, No. 26, Royal Arch Masons; wreath of roses and carnations from Barclay Bros.; roses, Boutwell, Milne & Varum; carnations, McDonald & Huchan; carnations, S. H. 1910; carnations, Alexander Milne and family; William Barclay and family, Mr. and Mrs. W. S. Alexander, Mr. and Mrs. William Stephen, Mr. and Mrs. Walter Scott, Mr. and Mrs. E. A. Bugbee, Mr. and Mrs. William Nicol, Mrs. James Campbell; roses, Mrs. R. Fraser; carnations and roses, Mr. and Mrs. William Milne, A. C. Simpson, W. R. McKean; roses, Mr. and Mrs. W. Faulkner, Mrs. Mary E. Baldwin; carnations, Mr. and Mrs. P. Laxson, Mr. and Mrs. James Robertson, Mr. and Mrs. John Watt, Mrs. C. McTavish, Mr. and Mrs. Robert Gordon and William Duthie.

The deceased was 48 years of age and had resided in Middleboro for about 25 years. Prior to his becoming associated with the New England company as special representative of Assistant General Manager C. T. Keller, he had been with the W. L. Douglas Shoe company for fifteen years, being engaged in establishing the Douglas shoe stores about the country. He had been with the New England people about ten years. He leaves his wife and five children at Middleboro, Mass.

During his stay in Barre Mr. Ellis was at the City Hotel and he had made many friends in a business way about the city.

It was stated by his business associate, Mr. King, to-day that Mr. Ellis appeared to be in perfect health during his stay in Barre, except that he had been troubled with headaches. In order to alleviate his suffering he had been taking some powders. Whether these powders had anything to do with the death is uncertain. Mr. King left this noon for Concord and may accompany the remains to Middleboro, Mass.
